

## Change of marking for HVCC series

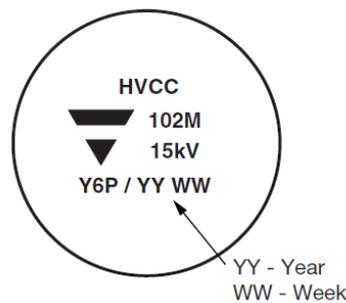

**DESCRIPTION OF CHANGE:** For better readability of marking on the components of the HVCC series we will change the marking for components with diameter less than 12 mm. The part numbers affected can be found in the attached part number list. Please note that there is no change in quality of the components, this change solely includes the marking for better readability. During the implementation mixed shipments are possible.

The marking will change as following: The "HVCC" for the smaller components will disappear and the voltage rating will be changed to lines indicating the rated voltage. Hereby, no line indicates components with 10 kV rated voltage, one line indicates components with 15 kV rated voltage and two lines indicate components with 20 kV voltage rating.

Before:

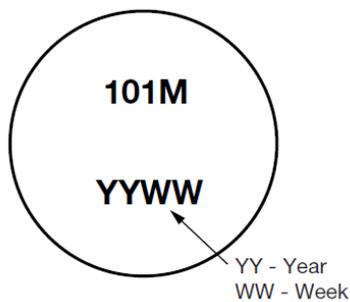

For sample < 470 pF

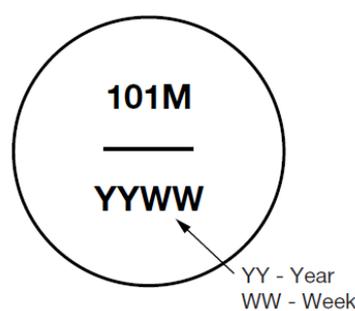

For sample  $\geq$  470 pF

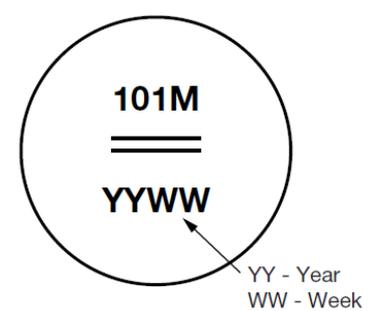

New:

For sample < 470 pF and rated voltage of 10 kV

For sample < 470 pF and rated voltage of 15 kV

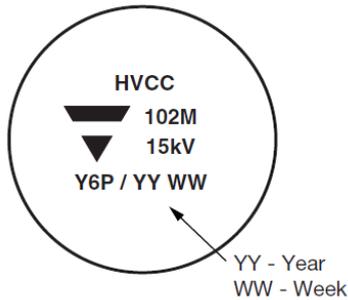

For sample < 330 pF and rated voltage of 20 kV

# Product Change Notification

Product Group: Vishay Ceramic Capacitors / May 6, 2020 / PCN-CC-00006-2020 Rev 0

For sample  $\geq 470$  pF and rated voltage of 10 kV or 15 kV and for sample  $\geq 330$  pF and rated voltage of 20 kV

**CLASSIFICATION OF CHANGE:** marking

**REASON FOR CHANGE:** better readability

**EXPECTED INFLUENCE ON QUALITY/RELIABILITY/PERFORMANCE:** No change

**PRODUCT CATEGORY:** Ceramic Capacitor

**PART NUMBERS/SERIES/FAMILIES AFFECTED:** see attached list

**VISHAY BRAND(s):** Vishay Roederstein

**TIME SCHEDULE:**

Start Shipment Date: immediately  
Last Time Buy Date: N/A  
Last Time Shipment Date: N/A

**SAMPLE AVAILABILITY:** on request

**PRODUCT IDENTIFICATION:** date code and lot number

**QUALIFICATION DATA:** N/A

**This PCN is considered approved, without further notification, unless we receive specific customer concerns before 6<sup>th</sup> of August, 2020 or as specified by contract.**

**ISSUED BY:** Product Marketing Ceramic Capacitors
