|-------------------------------|----------------------------------------|
| Número de pieza               | PIC16LF876A-I/ML                       |
| Fabricante                    | Micrel / Microchip Technology          |
| Descripción                   | IC MCU 8BIT 14KB FLASH 28QFN           |
| Categoría                     | Circuitos integrados (CI) > Embedded - |
| Estado de la pieza            | 2446 pcs Stock                         |
| Voltaje - fuente (Vcc / Vdd)  | 2 V ~ 5.5 V                            |
| Paquete del dispositivo       | 28-QFN (6x6)                           |
| Velocidad                     | 10MHz                                  |
| Serie                         | PIC® 16F                               |
| Tamaño de RAM                 | 368 x 8                                |
| Tipo de memoria de programa   | FLASH                                  |
| Tamaño de memoria de programa | 14KB (8K x 14)                         |
| periféricos                   | Brown-out Detect/Reset, POR, PWM, WDT  |
| embalaje                      | Tube                                   |
| Paquete / Cubierta            | 28-VQFN Exposed Pad                    |
| Tipo de oscilador             | External                               |
| Temperatura de funcionamiento | -40°C ~ 85°C (TA)                      |
| Número de E / S               | 22                                     |
| Tamaño EEPROM                 | 256 x 8                                |
| Convertidores de datos        | A/D 5x10b                              |
| Tamaño del núcleo             | 8-Bit                                  |
| Procesador Core               | PIC                                    |
| conectividad                  | I²C, SPI, UART/USART                   |
